## SECTION 24

### TOURNAMENT HOSTING AND SANCTIONING

#### 24:01:00 **HOSTING TOURNAMENTS OR GAMES IN NEVADA:**

24:01:01 Teams, clubs, or organizations wishing to host a sanctioned tournament, or to host team(s) or club(s) from another state for the purpose of a friendly tournament or friendly games, are to adhere to the [USYS Tournament Sanctioning Policy](#), and to the following NYSA policy.

24:01:02 Only teams, clubs, leagues, or associations affiliated with USYS may be granted permission to host tournaments (or team(s) or club(s) from another state). Tournament organizers are required to apply to the NYSA BOD for a tournament to be sanctioned. Organizations affiliated with NYSA are not permitted to conduct tournaments or games that are not sanctioned by NYSA. NYSA may host tournaments (or team(s) or club(s) from another state) with Presidents approval.

24:01:03 Leagues in good standing with NYSA may conduct one (1) tournament per seasonal year, and must have their Request to Host a Tournament approved in advance of proceeding with the business of advertising or conducting a tournament. Waiver from this policy may be requested by applying to the BOD. In no case shall any league, as referred to in this section, advertise, seek or secure field permits or create any contractual obligations for an event that has not been specifically sanctioned by NYSA. See 24:02:04:04 for penalties associated with failure to comply with this section.

24:01:04 Clubs that are recognized by and/or registered with NYSA may seek approval from the BOD to conduct a tournament during a seasonal year. Such clubs must have their Request to Host a Tournament approved in advance of proceeding with the business of conducting a tournament. Clubs shall be limited to one (1) tournament per seasonal year. Waiver from this policy may be requested by applying to the BOD. No such approval is granted unless the BOD approves the hosting agreement. See 24:02:04:04 for penalties associated with failure to comply with this section.

24:01:045 Any League, Club, Team or administrator or party associated therewith, that participates as a benefactor of a non-sanctioned tournament, shall be considered as hosting that tournament and will be subject to the penalties in 24:02:04:04.

24:01:05 Membership or affiliation with NYSA, on the part of any league, club, team or individual includes an implied consent with the tournament limitations contained herein. Part of that implied consent is recognition that the granting of tournament hosting privileges is at the discretion of the BOD, subject to conditions imposed by the hosting municipalities over time. This consent also includes recognition that the rules of the hosting municipalities may change over time and, thus, the principles that guide the decisions of the BOD may also change over time.

## NEVADA YOUTH SOCCER ASSOCIATION

### 24:02:00 TOURNAMENT SANCTIONING POLICY:

24:02:01 NYSA is granted the right to program the facilities on which the respective municipality plays sanctioned tournaments. As such, NYSA must comply with all rules and restrictions imposed by said municipalities. This includes limitations upon hours and days of use, and other restrictions associated with closure for purposes of maintenance, rehabilitation and or municipal use. This also includes any requirements imposed by the municipality with regard to maintenance, cleaning, trash disposal, etc.. NYSA realizes that it is a privilege to have access to these facilities for their use, and will abide by rules and policies imposed by the host municipality.

24:02:02 There is a limit as to the number of tournament days that can be approved during a seasonal year. The limits are a product of field availability (i.e., non-closure days), the preference given to scheduled league play, and limitations imposed by the governing municipality. Other limitations that can affect availability include competing events on other facilities that may limit the availability of referees or other elements necessary to conduct a viable tournament. It is also clearly understood that the hosting of a tournament is a privilege, not a right. The administration of this privilege falls under the direct auspices of NYSA, which retains the sole authority to approve or deny any application to host a tournament. All clubs, leagues, teams and/or individuals granted rights to host a tournament agree, as a part of that approval process, to forego any legal remedies should the tournament not be sanctioned in a subsequent year.

24:02:025 Any league, club, team or individual who has historically or previously had approval to conduct a sanctioned tournament may not transfer or partially transfer the presumed rights to host the event in a subsequent year. Any league, club, team or individual who has historically or previously had approval to conduct a sanctioned tournament may not transfer or partially transfer the revenues or profits from a sanctioned tournament to another other club or organization, whether for-profit or not-for-profit. This does not apply to wages or compensation associated with services provided in conjunction with conducting the event. As noted herein, the right to host a tournament is granted solely on a year to year basis, with no guarantees that approval will be granted in a subsequent year. There are no perpetual rights granted for the hosting of any tournament, nor may they be considered property by any league, club, team or individual, and may not be bartered, sold or exchanged in whole or in part. See 24:02:04:04 for penalties associated with failure to comply with this section.

24:02:026 In accordance with NYSA policy, no tournament may be presumed to be transferred from one party to another due to merger, acquisition, partial acquisition, or other means of absorption. In such cases, the newly formed, re-formed, or reconstituted entity must meet all of the minimum standards cited in this section to be eligible to apply for hosting of a tournament event. Any change in the control or ownership of a club in any way may result in applications to host tournaments to be considered as new requests without historical considerations. In these cases, there is no guarantee that such requests will be approved. In addition, the newly formed, re-formed, or

## NEVADA YOUTH SOCCER ASSOCIATION

reconstituted entity must apply to the BOD for sanctioning and approval prior to advertising, seeking or securing field permits or creating any contractual obligations for an event. See 24:02:04:04 for penalties associated with failure to comply with this section.

24:02:03 It is the goal of NYSA in sanctioning tournaments to provide for an appropriate balance of event offerings over the course of a seasonal year. That is, NYSA will strive to ensure that events providing playing opportunities for teams at every skill

level are a part of the overall mix of approved events. In order to achieve the optimal mix of events over the course of a year, NYSA may restrict age groups, competitive levels, entry fees, and any other details associated with any event that is subject to approval.

### 24:02:04 **Tournament Sanctioning Requirements:**

24:02:04:01 It is understood that any tournament that is sanctioned by NYSA will be held to very high standards. Any tournament that is sanctioned is presumed to be representing the entire state association, and must conduct itself in a manner that brings respect and credibility to the state association as a whole. The following is a list of minimum requirements for tournament sanctioning by NYSA:

- A. All tournament locations are to be cleaned up on a regular basis during and after the tournament. Cleaning supplies and equipment necessary to maintain the facilities as required by the owner municipality.
- B. Tournament organizers are to use the NYSA Standard Tournament Rules with minor variations allowed for match times, depending on type of tournament.
- C. NYSA recommends medical support, on-site, at each tournament location while matches are being played. It is required to have medical support at any complex with four or more fields. The medical support may be a medical trainer or qualified first responder.
- D. NYSA does not support competitive awards in the U8 and below divisions. Tournaments will not give a first, second or third to the U8 and below age groups. This policy will be rolled out over three years. In 2013-14 U6 and below; 2014-15 U7 and below; and in 2015-16 U 8 and below.

24:02:04:02 Notwithstanding anything else noted in this policy, if any association puts a hosting application forth, league or club that materially changes any of the elements included in past tournament applications for the same or similar event, that the NYSA BOD must approve application. Material changes include, but are not limited to, changes in one or more of the following: field usage, tournament organization, tournament fees, age groups allowed to compete in the event, or hosting club.

## NEVADA YOUTH SOCCER ASSOCIATION

24:02:04:03 Any association, league or club that desires to host a new tournament must comply with the requirements noted herein. A requesting entity, in order to be considered for hosting, must have current state and federal non-profit status (or evidence of imminent status), must be in good standing, must have been in existence for a minimum of three (3) seasonal years as a member of NYSA, and must (in the case of a club) have a minimum of twelve (12) active teams participating within NYSA. Entities requesting recreational tournament approval must have at least 300 recreational players. Meeting these minimum standards

does not guarantee that the requesting entity will receive approval due to other limitations noted within this policy.

24:02:04:031 Any hosting entity, league, club, team or individual that does not strictly abide by the requirements, rules and regulations of a hosting municipality and/or does not pay their fees on a timely basis, will forfeit their right to host events.

24:02:04:04 Failure to abide by **all** rules and requirements noted herein, including both those of the hosting municipality and NYSA, will disqualify the requesting entity from hosting the event in a subsequent year, or longer, as may be determined by the BOD.

24:02:04:05 It is understood that NYSA will strive to ensure that all clubs have equal access and opportunity to host events to defray club costs. As growth in the number of teams and clubs may dictate, NYSA reserves the right to modify minimum club size requirements for the hosting of tournaments, and reserves the right to change those requirements over time.

### 24:02:05 **Stay and Play:**

24:02:05:01 If a hosting association, league or club contemplates the use of a “stay and play” requirement for its tournament, the requesting entity must file, in conjunction with its hosting application, the following:

- A. ~~A statement indicating whether “stay and play” will be required for the event, including any “opt out” provisions associated with the “stay and play” requirement. If “opt out” requires a team to make an additional payment to the tournament that payment is not to exceed 20% of the tournament entry fee. Nevada in State teams are not to be held to the “stay and play” requirement. Suspended 4/23/2019~~
- B. A complete listing of all hotel properties that will be used in satisfaction of the “stay and play” requirement.
- C. A listing of the room rates, per night, per hotel property that will be in force for the tournament.
- D. A listing of, and contact information for, the travel agencies or brokers that will be used to arrange accommodations under the “stay and play” requirement.

## NEVADA YOUTH SOCCER ASSOCIATION

- E. A statement indicating whether the room rates have been modified beyond what would normally be in force for each property. That is, whether the room rates have been “marked up” beyond what would be normal and customary for each property at that time of year. The statement is to include documentary evidence from the hotel or travel agency of the original room rate. “Mark-up” is to be limited to a maximum of 15% of the purchased room rate.

24:02:05:02 Any and all of the information provided as required above, will be used by the NYSA BOD to determine whether an application to host will be approved or denied. The NYSA BOD reserves the right to approve sanctioning of a tournament while also denying the use of “stay and play”, based upon information provided pursuant to this section.

### 24:02:06 **Tournament Sanctioning Procedure:**

24:02:06:01 The hosting organization is to carry out the following when applying for sanctioning of a tournament:
